Celia Czerlinski

Posted by Vincent Eric in Sep 9, 2011 (article page)

We fell in love with these fine leather goods made by German designer **CELIA CZERLINSKI**, whom we had the chance to meet at Montreal's Semaine de la Mode yesterday. Constructed in a German manufacture, the designer uses only calfskin with fine, natural grain and matt shine from one of the best tannings in Italy. Stay tuned for more coverage on Semaine de la Mode!
